

Sunrise Parent Compact

Academic success is directly related to parent involvement and communication with the school. By working together, we can provide the best possible educational experience for students. To this end, Sunrise School will assure parents that their child will be instructed with the confines of a safe and nurturing environment. Students will be regarded with dignity and fairness of and each child's culture, family and language values will be held precious.

- School staff will provide a high-quality curriculum and instruction in a supportive and effective learning environment so that our students can master the Arizona standards.
- Parents will support students learning by making sure that students attend school on time and ready to learn, participating in students learning, and helping make decisions about their students' learning.
- Students will demonstrate responsibility for their own education by coming to school prepared to learn, by completing assignments with their best efforts, and by making appropriate behavioral choices.

Communication between school and home will create the positive attitude necessary for student's success. Therefore:

- Parent/teacher conferences (school-wide) will be scheduled during the year and as needed to keep parents and teachers informed of student's progress and areas of concern.
- School staff will be available to provide information and respond to concerns.
- Opportunities for parents to observe, volunteer, and participate at school will be provided.

I have reviewed and discussed the Parent Student Handbook for 2020-2021 school year with my child.
